

# RPL process

## 1. Eligibility

### : Free RPL Skills Check

Start with Free Skills Assessment and determine your eligibility for RPL  
When it is completed, you will have a brief discussion with an RPL specialist who will walk you through the process

## 2. Evidence

### : Submit your Portfolio

After you identify the qualifications, you are eligible for, it is time to get started!

You will receive several documents to start the process

We will work with you to gather your supporting evidence and make it easier

## 3. Assessment

### : Through Partnered RTOs

We will take care of the hard work and will organize and complete your evidence so that it is aligned with the units of the qualification you are after.

This helps you to successfully achieve your qualification from one of our RTO partners

## 4. Approved

### : Get Certify

It is time for the good news!

The skills Recognition & RPL process is complete provided you meet the requirements of each unit.

You are then issued with a Government Approved Qualification from one of our College/ Training Organisation partners
